ClayWorks Studio Membership Application

The guild asks all new Studio Member applicants to complete this assessment form.

Q. Why does the guild ask all these questions?

A. ClayWorks Studio must be in a secure and safe environment for all that use it. Our Students receive information from instructors about safety, use of equipment and studio procedures. As a Studio member applicant the guild requires information on your knowledge of, how a studio operates, and the materials used in the studio. No specific answer below would disqualify, or guarantee, acceptance as a studio member. Your answers will, help us establish your potting experiences, and identify if additional training may be needed. If you are a current student, your instructor could offer advice you, as to your readiness to advance alone in the studio. Instructors may also suggest additional classes and training before applying.

This application process will protect you and other ClayWorks Studio users and the Studio facilities.

Are you considering a Studio Membership Yes or No or Maybe?

If you are "A Maybe" you can complete and submit this application anyway, it costs nothing.

You could get pre-acceptance for when are ready to join.

first name	last name	phone	email	

address	city	Prov.	P code

I learnt pottery, where, and attended "x" number of courses?	
--	--

workshops taken (2 or more days)	
----------------------------------	--

Why I am applying and any additional information or comments

--	--
